Lutheran Disaster Response for Hurricane Helene

Hurricane Helene hit the coast of Florida as a Category 4 hurricane on September 26 and has ravaged communities in the southeast, from Florida to Virginia. As the floodwaters have started to recede, the extreme devastation - especially in North Carolina and Tennessee - has become clearer. Now, it is time to do what we do best: **roll up our sleeves and get to work.**

You've seen the news. Entire towns, roads and bridges have been washed away, and millions remain without power and cell service.

"We can't yet know what we're having in terms of damage...but I do know [this]," says the Rev. Timothy Smith, bishop of the North Carolina Synod. **"Lutheran Disaster Response, in partnership with our synod, along with other helpers, will be there for the long haul, and we will rally round our congregations, camps and communities."**
